

EN RLMM Newsletter (February 2021)

Frankfurt, 11 February 2021

Dear Colleagues,

we hope you are all enjoying these wonderful winter days!

We would like to ask you to look at two of our topics:

REMINDER

Intensifying the Collaboration between the Network and Regional and Local Labour Market Observatories across Europe and Beyond – Questionnaire

The role of regional and local labour market observatories is key for the provision of data and information to support evidence-based decision making in regions and localities during the pandemic. We would like to know, in how far observatories need general or specific support from the network to perform as best as they can. A small group within the network has developed a questionnaire. We would like to ask you to complete our set of questions until the **26th of February 2021 (extended Deadline)**. And if you know persons or institutions, that could be interested in submitting their perspectives, please feel free to pass the link. Thanks for your support.

You will find the questionnaire under the following link: <https://forms.gle/dp2yyW6KnpivSnki7>

REQUEST

Request from Borja Pulido Orbeagozo, Basque Employment Service:

“In Lanbide, Basque Employment Service, we are trying to launch a project to detect and identify training needs, both in unemployed and employed people. Therefore, we want to launch a question (or a call to help) so that network members can help us and provide good practices of participation and detection of training needs, carried out in their region/territory/country. They can be articles, reports, analysis, studies, methodologies... Everything will be welcome.

To do this, people who had something to contribute, we would like them to fill in the following fields (Name of the article/report; Year; Author; Organization; Link (if it exists) or if not the file of the report) in a questionnaire.

You will find the questionnaire under the following link: <https://forms.gle/dp2yyW6KnpivSnki7> “

Please give a feedback to Borja until 4th March 2021.

With warm regards,

Christa, Ciprian and Jenny
